Things you should know

Get Tesla solar & battery on your home at no cost thru the Power Choice program.
 We are partnering with Tesla, Inc. to offer installation of rooftop solar and a Tesla Powerwall at no cost. There is no upfront cost and no credit check! The Power Choice program is an opportunity to get solar at no cost without taking on the costs of installing and owning the solar system. For more information, visit www.sce.com/tesla.

Limited time offer: \$50 + energy savings
 Sign up with our partner OhmConnect to save on energy costs. This offer is available to residential customers only, sign up now and get \$50 in savings.

Rancho Mirage Energy Authority Information
 For more detail on your bill, call us at 1-844-288-7272.

Powerwall Fee 1 PW @ \$115.00

A monthly fixed charge will be presented on its own line under your (CCA) energy generation portion of your billing statement.

Powerwall Fee Add. 1 PW @ \$75.00

If you have more than one powerwall, the additional cost will be listed on its own line.

Solar Gen. 468.48 kWh @ 0.145 \$67.92

In addition to your Powerwall charges, you will also see a line item for Power Choice Solar kWh generation charges. You have a power purchase agreement (PPA) in place to pay for the power produced by the system. For example, if your system generated 468.48 kWh in a given month, and your PPA rate is \$0.145/kWh, you would see a charge of \$67.92 for that 468.48 kWh of solar generated by the system.

Some of the bill have been modified. For more information, visit www.sce.com/tesla or updated our Net Energy Metering Policy
